NEW-YORK, SATURDAY, NOVEMBER 8, 1879.-WITH SUPPLEMENT.

### TUESDAY'S VICTORIES.

REPUBLICANS TO RULE NEW-YORK. THE ELECTION OF EVERY REPUBLICAN CANDIDATE EXCEPT ONE ON THE STATE TICKET CLAIMED-

NEWS FROM THE OTHER STATES. Special telegrams received by the Republican State Committee and by THE TRIBUNE Indicate the election of Hoskins (Rep.) for Lieutenant-Governor of New-York by a plurality of about 1,400. The State Committee claims the election of Hoskins as well as that of every other Republican on the State ticket, except Soule. The pluralities of Ward, Carr, Wadsworth and Wendell range apparently from 4,500 to 9,500. It is not probable that anything except the discovery of errors in the count or the perpetration of fraud will change this result.

The latest estimates on the vote of Pennsylvania give the Republicans a plurality of between 58,000 and 59,000, and a majority of about 42,000.

The Republican majority on joint ballot in the Connecticut Legislature is 92. In New-Jersey the Republican majority in the Legislature is 15.

THE CLAIM OF THE STATE COMMITTEE. THE ELECTION OF ALL THE REPUBLICAN STATE

TICKET EXCEPT SOULE ASSURED. At 1 o'clock this morning the Republican State Committee was assured of the election of the entire State ticket excepting Soule, the candidate for State Engineer. In the course of the day reports had been received from every county giving the actual and estimated votes for each of the candidates. The majority for each candidate in each county was calculated by Mr. Abel, and a table of majorities was prepared. The first columns were footed up, and it was found that the majorities for the candidates for Lieutenant-Governor amounted to: Hosdates for Lieutenant-Governor amounted to: Hos-kins, 71,928; Potter, 70,561; Hoskins over Potter, 1,367. An examination of the other columns showed that all the candidates except Soule ran higher than Hoskins, and thus the election of all except Soule seemed assured. Much in-terest was manifested in the reports from the interior by by numerous Republicans of the city, who called at the committee-rooms in the evening. Among these was the Governor-elect, who spent a few moments there, and seemed much gratified at the accounts he received. General Arthur was present until the count on the Lieutenant-Governor was completed.

NOTES ON THE LEGISLATURE.

The election of Alpheus Potts (Rep.) to the As sembly from Sullivan County raises the Republican strength in that body to 93 votes, leaving the Democrats 35. E. A. Carpenter, the suc-County, carried every town in the county, and obtained a majority unheard of before, 1,775. Major John Birdsall's majority in the Ist Senatorial District increases as the returns from the distant polls are received. It was at first supposed to be about 1,000, then 1,500, then 1,800, and it is now ascertained that it exceeds 2,100! In Queens ascertained that it exceeds 2,100! In Queens (County he runs over 4,000 ahead of the ticket and Thomas McDermott, a police officer, on charges of assault and battery. When Mr. Meron county have majority, carrying every town except

Long Island City, and in Suffolk he also carried every town but one.—Senator-elect Baker's majority in Washington County reached the unparalleled figure of 3,660, and his majority in the district was nearly 3,000. The Demogratic pages were so propriy prepared for such also carried every town but one.—Senator-elect Baker's majority in Washington County reached the unparalleled figure of 3,660, and his majority in the district was nearly 3,000. The Democratic papers were so poorly prepared for such an overwhelming defeat that after the election some of them still claimed that Senator Hughes had succeeded.

#### A PLURALITY FOR HOSKINS. SEVERAL OF THE TARDY COUNTIES HEARD FROM-

THE RETURNS SATISFACTORY.

hour of going to press Thursday night THE TRIBUNE estimated that Hoskins, Republican candidate for Lieutenant-Governor, had received a plurality of several hundred votes. Several important counties, however, had not been heard from, the returns being unusually slow in coming forward. The vote of those counties being essential to an accurate conclusion, telegrams were sent out by THE TRIBUNE yesterday in order to obtain the returns. A number of the replies are printed above. Access has been had also to the large mass of telegrams received by General Arthur at the Republican Headquarters in this city.

Returns have now been received as to the Lieutenant-Governor from all the counties of the State except five or six. Those counties have been closely estimated, and the official report cannot materially change the result. The figures show a clear plurality of 2,504 for Hoskins over Potter.

PLURALITY OF HOSKINS. There are conflicting reports from Eric, Queens and one or two other counties, and the official canvass may reduce this plurality to 1,400. The State Committee claims the election of Hoskins

It may be stated that the only thing likely to change the above result is the discovery of errors in the count during the official canvass, or the per petration of fraud.

THE REST OF THE STATE TICKET. A GROWING PROBABILITY THAT ALL OF THE RE

PUBLICANS EXCEPT SOULE ARE ELECTED-SOM HOPE FOR HIS ELECTION ALSO.

The telegrams received by General Arthur at the Republican headquarters relate to three office only, Secretary of State, Controller, and Attorney General. Several counties have not been hear from in regard to the candidates for these offices; but the vote for Governor is known, and a clos calculation of the probable result can be made THE TRIBUNE has tabulated the figures contained in the telegrams to the Republican Committee and estimates the few counties not heard from The official count is not likely to change the resul arrived at materially. The figures show a plurality for the Republican candidates, namely 4,359 for Carr. 8,220 for Wadsworth, and 9,463 for

Ward.
As Wendell ran ahead of Hoskins, there is reason to believe that he is elected State Treasurer. Figures have been received as to State Engineer from about half the counties. They are not so favorable to Seymour as at first reported, and they indicate a possibility that Soule, the Republican candidate, is

THE NEW-JERSLY LEGISLATURE. FEW ADDITIONAL CHANGES IN THE HOUSE-

REPUBLICAN MAJORITY OF PIFTEEN ON JOINT

The latest returns from New-Jersey make a few changes in the list of members of the Legislature as published in THE PRIBUNE last Thursday. John W. Haines (Dem.) is reëlected in the IVth Burlington District instead of Absalom E. Cox (Rep.), Charles S. Robinson (Rep.) in the 1st Mercer District, instead of Bayard Stockton (Dem.), and Joseph D. Ludism (Dem.) is elected in Cape May instead of Lewis S. Williams (Rep.); the latter is a Democratic gain. These changes leave the Repub licans with fifteen majority on joint ballot, the new Legislature comparing as follows with the old

A CONTEST IN BURSON COUNTY. The Board of Canvassers of Hudson County met at the Court House yesterday and organized by the election of Patrick H. O'Connor, of the Ild Assembly District, as president, and R. R. Rankin, of the Ist District, as secretary. Some of the original returns

that the officers had no right to eject him, and that their action in putting him out constitutes an assault and battery. He will carry the case before the Grand Jury, and will also charge Judge Lynch, inspector Conway and Clerk Gilligan with an open violation of the State election laws. The returns give Patrick Sherran (Ind. Dem.) a plurality of over 200. Mr. McDonald will coutest Mr. Sherran's election and seat in the Assembly, on the ground that the ballot-boxes were stuffed in Mr. Sherran's favor in several of the precincts of the district.

TOO MANY VOTES CAST IN MERCER COUNTY. TRENTON, N. J., Nov. 7 .- The Board of Canvassers this afternoon threw out the returns from the eastern district of Hopewell on account of 24 more ballots appearing for the Assembly candidates than there were names on the poil lists. A commission was thereupon given to Robinson and Beekman, both Republicans.

THE PENNSYLVANIA PLURALITY. NEARLY COMPLETE RETURNS GIVE THE REPUB

LICANS NEARLY 60,000 PLURALITY. Further returns from Pennsylvania are given in he subjoined table. These figures give Butler plurality of 59,994 for State Treasurer. The Greenback vote is estimated at about 15,000, but the Prohibition vote appears to be very light. The indications now point to a Republican plurality of between 58,000 and 59,000, and a majority over all of about 42,000. Last year, on the vote for Governor, the Republicans had a plurality of 22,353. The Greenback vote in that year was

81,758, and the Prohibitionists cast 3,759 votes.

## AFFAIRS AT THE CAPITAL.

THE CLAIM AGENT STILL AVARICIOUS. AN ATTEMPT TO COLLECT MONEY FROM PENSIONERS

EXPOSED-INDIANS SEEKING TO MIGRATE. An attempt has been discovered in Washington to collect money from persons benefited by the last Pension Act on the plea that important services had been rendered them. An Indian deputation visited the Capital yesterday. Their request to be allowed to migrate was denied. The claim of Captain Eads for further compensation was considered at the Cabinet meeting yester-

PENSION CLAIM AGENT MAKES A PITEOUS APPEAL -THE SCHEME DENOUNCED BY THE COMMIS-

IBY TELEGRAPH TO THE TRIBUNE. WASHINGTON, Nov. 7 .- When the Arrears of Pensions bill was under consideration in Congress, the anxiev manifested by a certain clique of claim agents and lobbyists to secure its passage led to a strong suspicion of jobbery. In consequence of this uspicion a clause was incorporated in the bill especially providing that no claim agent or attorney should be entitled to any fee whatever for services in connection with the applications for arrears of pensions. Thereupon a most shameless scheme of wholesale begging from the beneficiaries of the Arrears bill was devised and put in operation as soon as the bill became a law. The scheme was discovered and fully exposed in the columns of THE TRIBUNE, and pensioners were warned against its inventors. Notwithstanding the exposure, however, the plot seems to have been to some extent successful, and evidence has come to light that the project is still in operation. Commissioner Bentley has just received the following letter:

has just received the following letter:

DEAR STR: I wish to know if R. A. Dinmick has any right to any pay. He says he got the Arrears of Pensions hill torough Congress. I thought it took two-thirds of the members to pensa him. I would like to know if he is trying to swindle me, an old woman of seventy-five, or shall I give it to blu. Yours with respect.

Washisoton, Nov. 7, 1879.

Madame: In answer to your letter of the 3d inst., you are informed that Mr. Dimentek has no right to demand vay of you for any efforts he may have put forth to secure the passage of the law granting arrests. From the passage of the law grant up to secure the papers which you have enclosed, and which with your consent! will retain, it appears that Mr. Damnick is rying to levy a tax for his private use upon your credulity and generosity. Respectfully yours,

J. A. BENTLEY. Commissioner of Pensions.

Mrs. Depew's letter is a companied by two printed documents setting forth the extraordinary services and sufferings of R. A. Dommick in behalf of the pensioners, and complaing in a mandlin, whining manner because they have not recognized the fact in a more substantial way. The first of these papers has upon one side the following words:

You can remit your subscription in accordance with your obligation in the inclosed envelope, and send either postal order or by registered letter. The second paper is a long printed letter addressed

to "Dear Madame," in which Dimmick conveys information which he thinks should "put to blush the selfish and deceitful persons who sought to mislead me by false promises to a continuance of sacrifice of means, time and labor, and who have jumped the track between New-Hamburg and Low shown themselves, in my opinion, unworthy of the effort that I made for them." In conclusion Mr. number of passengers were injured, but none seri-Dimmick says that " this criticism is not intended for those who have not yet received their arrears.' R. A. Dimmick is a pension claim agent here. He R. A. Dimmick is a pension claim agent here. He was propptly suspended from practice before the Pension Office when his begging scheme was first disclosed. He is understood to be the originator or chief manager of "The Soldiers' and Sallors' National Advisory Association," the object of which was exposed by the Commissioner of Pensions in his recent Philadelphia speech before the Grand Army of the Republic. A large proportion of the pensioners of the Nation are of the class who are easily made the victims of a project like the one set forth above, and it is important that they should be made a ware that Congress has provided the means from which their claims are to be satisfied, and that the Pension Office is created on purpose to adjust their claims. They owe neither fees, compensation nor gratitude to Mr. Dimmick or any of his class.

It is certain that instructions will be given for the sale of half-rate tickets to and from Washington at all prominent places in ample time for all persons so desiring to be present at the reunion. The following is the text of the letter of General Grant in reply to the invitation sent him :

#### AN INDIAN DEPUTATION HEARD. BEIR REQUEST FOR NEW TERRITORY DENIED-SHOWY WARRIOR AMONG THEM. [GENERAL PRESS DISPATCH.]

Washington, Nov. 7 .- Secretary Schurz and Com missioner Hayt to-day gave audience to a delegation of Indians, representing a certain dissatisfied number of Sacs and Foxes and Iowa tribes, who desire anthority to remove to Indian Territory from their present reservation, which comprises 24,000 acres in Northern Kansas and Southern Nebraska. The Sacs and Foxes, occupying one-third of this area, number altogether only about 100, with 200 Iowas who have possession of the remaining 16,000 acres, It was developed in to-day's conference that a large proportion of those Indians cultivate the soil, own houses and fruit trees, and raise crops of various kinds; but the discontented speakers informed the Secretary that they believed the land in the Indian Territory is better; that the whites were now "too thick" in the vicinity of their present reservation, and they wanted to go South in order to get more breathing room.

Secretary Schurz, in reply, informed them that they have already ample space in which to breathe freely; that it would be foolish for them to abandon their homes and other improvements; and that Ireely; that it would be toolish for them to aban-don their homes and other improvements; and that all they needed to become as prosperous as their neighbors was to imitate their industry, send their children to the Agoncy school, build fences and cul-tivate the soil. Their request was therefore re-fered.

All the delegation were citizens' clothing except one young brave, who was strikingly attired in a combination costume of buckskin leggings, brown blanket, cloth vest, and red calice shirt, with ornaments of tin bracelets above his clows, and a neckiace of blue beads, and bear's claws, and an earle feather in his scalp-lock, and a tomahawk in his hand. This worthy and a compatriot followed the rest of the delegation from the reservation without leave, and immediately upon their arrival called upon the President, who as promptly referred them to the Commissioner of Indian Affairs. Commissioner Hayt has provided the whole parties with tickets home, but informed them had the Department would not defray any other typenses. All the delegation were citizens' clothing except

during a portion of last quarter. There was some discussion concerning this report, and the some discussion concerning this report, and the question of paying Captain Eads the \$25.000, which he claims for that quarter, under the Goyernment's contract for the payment of \$100,000 per annum as compensation for maintaining the required dimensions of the channel. The matter was left undeclied, however, to await the return of Attorney-General Devens, who is expected back from Massachusetts in a day or two, and who will be requested to give his opinion on the legal question involved.
